Lehigh University is happy to announce the introduction of a new travel portal: **Compass**.

In addition to the support of Travel Leaders Business Center Agents and Concur Cliqbook for online booking, travelers and travel planners will have access to a comprehensive central portal page for travel-related information, called **Compass**.

This portal, unlike our existing one, is a secure site and will require a login and password to access. A link to the new portal and a guide to creating your login is posted on the Lehigh intranet or you can review the guide here: [Compass Portal Review](#)

The login to the Compass portal is: <https://compass.travelleaders.com>

All the same great travel information is available: Lehigh University Travel Program information, Travel Leaders contact information, the login to Concur Cliqbook, accessible travel planning tools and the ability to check flight schedules and current flight status.

If you have any questions about using the new portal or creating your new log in, contact the Travel Leaders eCommerce support team at:

866 502 1926 or Ecommerce@travelleaders.com

Additional questions or concerns about the travel program may be directed to: Brenda Bachman at bkb204@lehigh.edu or 83266.
